Professor Jay and President Dexter:

Congratulations to you both and the entire San Diego Miramar College PTK members on this outstanding accomplishment.

All the faculty, classified staff, managers ,and students are proud of you.  
I have copied Mr. Quis on this email for publicity.

**Subject:** PTK -- Five Star Chapter Extraordinaire

It is my pleasure to recognize Professor Carmen Jay -- Advisor to PTK, Randy Dexter --President of PTK and all of the talented students who belong to this wonderful honor society at Miramar College as well as other supporters of PTK.

The Beta Iota Lambda Chapter of Phi Theta Kappa at San Diego Miramar College has achieved something that has never been done before during its existence. PTK has been awarded the designation of a Five Star Chapter. This is quite an achievement.

There are 104 chapters in the Nevada/California Region, and only a total of seven have achieved this lofty goal.

Attached is a poster which details all of the necessary requirements to reach this goal. This took a great deal of dedication, work, collaboration and coordination.

Please join me in congratulating Carmen, Randy and the rest of PTK for this amazing achievement. I'm filled with gratitude and pride when I see our faculty advisers investing in our students and our future. I can't think of anything more satisfying!

Orale Carmen and Randy! You have made us proud!

Adela Jacobson, Dean
