**Notes:**

- This course sequence assumes Math and English placement scores of level 5. Students with placement scores lower than level 5 will need additional courses.
- This example uses the California State University (CSU) General Breadth Pattern.
- When preparing to transfer, it is important to maintain a strong, competitive grade point average. Therefore, it may be advisable to extend this plan over a longer time-period.
- All students are strongly advised to meet with a counselor to discuss the following:
  - Degree components: units and GPA required, major coursework, general education patterns
  - Applicability of challenge exams, units transferred in from other colleges, and advanced placement (AP) credit
  - Transfer preparation
  - How to alter this course sequence to best fit your specific learning needs and goals
