The English Assessment Tests:

There are two types of English tests: The English assessment for native speakers, and English Speakers of other Languages (ESOL) assessment. It is important that students take the right test. Students who take the wrong test often waste many semesters taking classes that are too difficult.

Test Exemptions: In order for test exemptions to be considered, students must submit official test scores to the District Student Services for review. Unofficial copies cannot be accepted. For students with EAP / CAASPP exemptions, please call 619.388.6937. AP Test scores must be officially submitted via transcripts and official qualifying scores through the College Board of three or higher. Please see a counselor to initiate a formal evaluation of AP completed course work. Alternative measures of standardized tests must have been completed within the past two years.
