### TAX RETURN TRANSCRIPT

A tax return transcript is one of the two types of tax transcripts you can get from the IRS. After you file your tax return, IRS computers scan the information into a format that strips down your return into just the summary numbers on your return.

### TAX RETURN

Your tax return is the document you submit when you file your taxes. A complete tax return contains not just the summary tax form you file, but also all of the supporting schedules and forms.

#### Request Online
